PART II - ANNUAL PLAN
FACILITIES

1.   Architecture Status

The architecture has not changed since submission of Part I - Information Technology Architecture Plan.

2.   IT Objectives

Our IT objectives for FY 1997 are to:

● Monitor and assist in construction of the Bowie Computer Center (BCC).
● Develop a plan to consolidate equipment at the BCC.
● Finalize plans to close the Charlotte Computer Center (CCC).
● Conduct a security risk assessment for the BCC.
● Provide relocation and planning support services for the BCC.
● Compete the equipment configuration layout for the BCC.

3.   Status

A.   Accomplishments

FY 1996:

● Started construction of the BCC.
● Consolidated IT resources in the Suitland Computer Center (SCC) in order to accommodate installation of the NIST/EDA Unisys 2200.
● Relocated the printer area equipment to better utilize ADP space within the SCC.
